Quick setup guide:

First of all, Teleport/walk to your firework location:

- 1 Rezz the Firework Sound Hud on location.
- 2 Invite your friends.
- 3 Be sure you and your friends click on the Firework Sound Hud rezzed inworld. Be sure they should accept the permission asked to attach it to their HUD.
- 4 Attach the Pyromagic Firework HUD yourself and put in the Professional Firework you bought.
- 5 The HUD will appear minimized, click on the logo to maximize it.
- 6 Click on the Red Cross bottom left on the HUD, this will reset it. [Very important]
- 7 Click Shuffle bottom right.
- 8 Wait for it to complete.
- 9 Decide with the Repeat button if your show should start again when it is finished.
- 10 Click on Sequence complete.
- 11 Click on Firework location.
- 12 Wait for the Pyromagic plateau will be rezzed.
- 13 Click on Launch
- 14 Enjoy your fireworks

Another way to setup a show is to control the sequence of the Professional Pyromagic Firework.

Repeat steps 1 t/m 6

7 Decide which fireworks should be rezzed first.

8 Click on for example Mighty Vulcane (from left to right)

9 Click on for example number 1 for sequence 1.

10 Click on the next firework for example Triple Powerburst.

11 Click on a number for example number 2 for sequence 2.

12 Decide Oh no: I want some other sequence, at this point their a two options:

First:

Click on Mighty Vulcane and click on Undo.

Click on Triple Powerburst and click on Undo.

Click Triple Powerburst and click some other sequence.

Repeat this for Mighty Vulcane.

Second:

Click on Reset, bottom left.

Repeat steps 9 t/m 13 from quick setup guide.
