Thank you for buying Pachinko Shooting Star(Pachinko SS).

1. At First

It is very simple to set and play.

First, put the machine where you like it.

Then left-click it and select Setting from circle menu.

Click the "Rez Prize Box" button, then prize box (= chair) appear in front of the machine.

2. How to Play

Touch Pachinko SS (or left-click and select "Play") to start a game.

*Caution! Don't sit on the Prize Box.

Push down Back-arrow-key and hold for a while and release it.

The ball runs faster as you hold the key longer.

If you put a ball in top center hall or bottom center hole, three gates open. While that lucky chance, you can put balls in there holes easily.

If you put ball in former two holes while lucky time, all gates will close.

You can get prize when you stand up, according to your owing points.
