Earn money selling huds!

Create your own professional combat/roleplay system/weapons business or customize it to use on your combat/roleplay land.

Professionally scripted, using the latest scripting techniques (updated Jan 2019), unique system designs, which makes it very different than other available systems.

LIMITED EDITION (Limited Quantities Available)

Limited to a specific number of copies/persons, to be unique, get your copy before it is too late.

Basic Attacks: Approach the avatar, you need to be within 3m of the person, click/hold down your left mouse button, while tapping your movement A/S/D/W keys or arrow keys (do not let go of the mouse button while doing this). You will need to be facing the avatar for the damage, this works both with or without mouse-look. The angle at which you can deliver damage is 45 degrees (PI/4). It helps to wear a melee weapon while doing this, remember to activate "always run".
