

Coastal Double Couch Set

Scandinavian Homes proudly presents the 'Coastal Double Couch Set'. Give your living room a makeover and sense the feeling of the ocean in your home. The set contains furniture with nautical/coastal inspired textures. All items are modifiable and copy able.

The animation setup in the chair is made by the AV-sitter Pose System. This means you can adjust the animation poses to any avatar of your choice. All animations in the couch are sitting animations – there is no cuddle- or sex animations incorporated in the furniture.
