

LAIN Mesh Designer is a brand created to help content creators with the best design quality in Second Life. All our contents are subject to the terms and conditions.

Please take two minutes before buying and read the terms and conditions.

# Terms and Conditions

---

By purchasing this item, you accept our terms and conditions of use of our products. Any breach of the following terms would cause DMCA.

All terms and conditions are applied in SecondLife, other grid or web pages, including web pages or marketplace applications thereof.

1. You cannot distribute our complete items or part for free (promotional gifts, gifts in groups, hunts ... etc).
2. You cannot sell, resell or give away our items in full or in part, with all permits, or with copy and transfer permits checked together.
3. You can use textures, maps, uv etc. included in the pack, to create your own textures, but you can never sell, resell or give away our items full or part with the original textures included in our packs.
4. You can sell our items at a price higher than 10% of the sale price and always when they do not conflict with the previous points (1,2 and 3).

-----  
If you detect that someone includes the terms and conditions of our products, please contact our team. We will know how to thank you.

With my Best Regards

Lain Pyhton
