### NOTE:

These textures come in a **full permission set**, a **copy only set**, and a **demo box**. Full Permission sets are meant for download and use in your own creations, **not to be resold as is**.

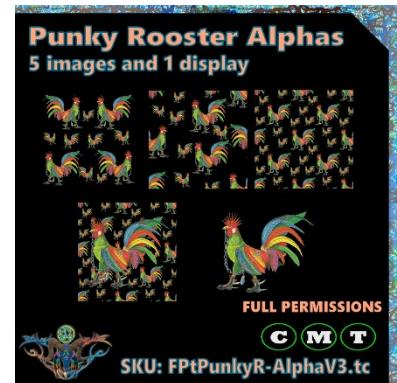

Copy Only textures are for personal use for drag and drop onto a face of an object or stored in inventory or a server and applied by UUID.

Punkyr Rooster is the mascot for the online music stream at URL <http://kock.rocks> BiPolar Radio.

A Colorful rooster has a spiked Mohawk style Comb, a pierced beak with a chain leading to a large safety-pen through his wing and dangles a rabbit's foot. He's wearing tall linemen style boots with extra sharp spurs added. The Sandia Mountains of New Mexico, USA are in the background. The URL and station name are on the ground behind Punkyr.

I'm placing most all the textures I make and use at my textures gallery. You Can view these textures and others there (AJTG):

The SL Marketplace and inworld vendors have a prepackaged collection. The inworld package vendors and Texture Vendors will have discounts available. Texture vendors will sell one or it's collection at a discount.
