## 1 - How to play Game36One on your own

Click on the Game36One hud in your inventory to display it on screen

The computer is **Me** in **red** at the left  
You are **You** in **blue** and at right

To start a new game, you click on the black box at the bottom right  
Each of us (Computer and You) chooses and clicks on a square

### If we choose 2 different squares :

- mine (computer) lights up **light orange**
- yours lights up **light blue**

### If we choose the same square :

- if **<< Me** is on, the computer wins and the square lights up **red**
- if **You >>** is on, you win and the square lights up **blue**

### Follow the game carefully, you have to play by clicking on a square:

- when **<< Me** is on, it means the computer will win and score a point if you choose the same square
- when **You >>** is on, it means you will win and score a point if you choose the same square

### Demo mode

Click on the black box at the bottom left to start the demo mode and familiarise yourself with the game  
The computer plays the squares 1 2 3 4 5 6 7 8 9 10 11 12 13....  
This will make it easier for you to understand how to play and win
