

Version 3

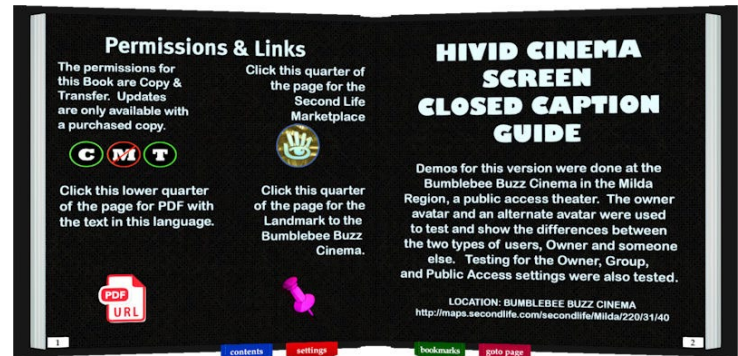

Converted instructions to Brights Books. There is one language per book. There are screenshots and image examples for popular SL viewers and Web Browsers. The viewer list was selected from an SL site and a Google search. They included the Second Life Viewer, Firestorm, Catznip, Kristens Viewer, and Singularity. Browsers included Microsoft's Edge, Chrome, Brave, Firefox, and the Opera Browser. All work was done with two avatars on one Windows 11 and one Windows 10 systems.

### NOTE:

The book is available in the following ways. The updated for the previous version will be in a similar box that will give all books to the person that touches it. They can delete the ones they don't want. The books are COPY and TRANSFER. I made them to help my visitors from other countries for movie nights. Please provide them to your guests for free as I do mine. These books are not available for updates. This update will occur one time.

The books are available from a Casper Vendor the provides individual books to customers. These books are COPY ONLY, and can be updated from redelivery terminals. New book versions and updates are scheduled for redelivery to the customer when available. Books of new language translations will be available on the vender when ready. This affiliate vendor is free and charges L\$2 for one of the books. Half to the affiliate owner and half back to TCGWS.

Language translations are performed by Google Translate from English. Current languages include ENGLISH, PORTUGUESE, FRENCH, SPANISH, GERMAN, CHINESE SIMPLIFIED, and JAPANESE. Should you find grammatical or spelling errors, I am happy to make changes. I'm not polylingual, so I'm sure there are mistakes.

If you don't yet have and HIVID and would like to see an enlarged cinema size one, visit the Bumblebee Buzz Cinema in Milda, <http://maps.secondlife.com/secondlife/Milda/220/25/40>. The books are available there via Vendor.
