

## CONDAH Advanced Tip Jar v1.1 - Enhanced Edition

### The Ultimate Professional Tip Jar System for Second Life!

Transform your tip collecting with this feature-packed, customizable tip jar that goes far beyond basic functionality. Perfect for performers, creators, venue owners, and anyone looking to accept tips with style! 

#### KEY FEATURES

##### Smart Payment System

-  **Fully Customizable Prices** - Set your own 4 payment buttons or choose from presets
-  **Quick Presets Available:** Low (10,25,50,100), Medium (25,50,100,200), High (50,100,250,500), VIP (100,250,500,1000)
-  **Anti-Spam Protection** - Prevents rapid-fire payments and potential griefing

##### Advanced Statistics & Tracking

-  **Complete Statistics** - Total tips, tip count, average tips, highest tip tracking
-  **Top Tipper Recognition** - Automatically tracks and displays your biggest supporter
-  **Tip History** - Maintains record of recent tips with timestamps
-  **Data Persistence** - All stats saved automatically, survives script resets
-  **Export Functionality** - Get detailed reports of your tip jar performance

#### Goal System

-  **Set Tip Goals** - Motivate tippers with visible progress bars
-  **Real-time Progress** - Shows percentage and amount toward goal
-  **Goal Celebration** - Automatic announcement when goals are reached
-  **Quick Goals** - Instant setup for common amounts (1000, 5000 L\$)

## Complete Customization

-  **Custom Text** - Personalize title, messages, and thank you notes
-  **Color Control** - Full RGB color customization for hover text
-  **Message Placeholders** - Use {name}, {amount}, {owner} in thank you messages
-  **Display Options** - Toggle stats, public thanks, and goal visibility

## Audio & Visual Effects

-  **3 Sound Options** - Choose from coin, digital coin, or ding sounds
-  **Particle Effects** - Beautiful golden particle bursts on tips (toggleable)
-  **Visual Feedback** - Engaging effects that celebrate each tip

## Professional Interface

-  **Owner-Only Menus** - Secure configuration system accessible only to owner
-  **Intuitive Navigation** - Easy-to-use menu system with clear options
-  **Quick Setup** - Get running in minutes with sensible defaults
-  **Live Updates** - All changes apply immediately without restart

## Smart Communication

-  **Public Thanks** - Customizable public thank you messages (toggleable)
-  **Private Notifications** - Owner receives detailed tip notifications
-  **Visitor Interaction** - Helpful messages for non-owners who touch the jar
-  **Goal Announcements** - Automatic celebrations when milestones are reached

## Technical Excellence

-  **Memory Optimized** - Efficient code with built-in memory monitoring
-  **Performance Focused** - Smooth operation with minimal lag
-  **Secure** - Proper validation and error handling throughout
-  **User-Friendly** - Clear error messages and helpful prompts
-  **Auto-Recovery** - Handles owner changes and script resets gracefully

## Easy Configuration Menu System

Access everything through simple touch-activated menus:

-  **Prices** - Set custom amounts and presets
-  **Text** - Customize all messages and titles
-  **Display** - Control colors and visibility options
-  **Effects** - Configure sounds and particles
-  **Goals** - Set and manage tip targets
-  **Status** - View detailed statistics and history

## Perfect For:

-  Live performers and musicians
-  Artists and creators showcasing work
-  Store owners and venue operators
-  Event hosts and entertainers
-  Service providers
-  Anyone wanting professional tip collection!
