description

The Bright Blues Walker finally supplies the soundtrack that your achingly cool, Second Life persona deserves.

Simply attach it anywhere, and whenever you walk, you - and those around you - will hear a soulful blues backing which simply drips with attitude.

This is no five second sound loop, irritatingly played over and over again. This is a full two and a half minute original blues composition by Kevin MacLeod, legally licensed for use.

At last - a sound worthy of your gorgeous, languorous walk animation, your subtly bouncy avatar physics bottom, and your defiant, take-that-world, individualist, oh-my-god-is-that-what-they-cost shoes.

"It's 106 miles to Chicago, we got a full tank of gas, half a pack of cigarettes, it's dark... and we're wearing sunglasses. Hit it."
