NOTE ON SCULPTED ITEMS:

Set your LOD settings to make all sculpted items look a ton better by completing the following steps (For Phoenix Viewer):

1. Show the "Advanced" menu by press Ctrl-Alt-D, or Opt-Ctrl-D on a Mac,

2. Go to menu "Advanced" on top of SL screen >>> "Debug Settings" ,

3. In the blank space, copy and paste the word "RenderVolumeLODFactor".

4. Set the value of "RenderVolumeLODFactor" to 4 or higher. I keep my setting to 8. Changing this number WILL make ALL sculpties look better.

*Other viewers may have that setting in different places.

Please IM me if you ever need help with this set.
