Gift Box Instructions

Hello & Thank you for buying this Set of Gift Boxes.

You can personalize & fill each gift box... Then give it away.

Your friend will then REZZ the gift box and "Touch" it. When they "touch" it. The top will pop off and the items will be delivered into their inventory.

_____

1. You may want to change the name of the box to "Gift for So & So"

You do this by "right clicking" the box and choosing "edit".

(Be careful not to "touch" the box as this will activate it and the top will pop off and the box will be useless to you.)

After "right clicking" the box and choosing "edit" from your menu... the edit window will appear.

In the first white boxed section of the edit window, entitled "name" you can delete what is there and type in "Gift for So & So".

_____

2. In the Description area... you can put " From: your name" or whatever you like.

_____

3. Load the Gift Box with your gift or gifts by choosing the "CONTENT" tab of the edit window.

You will see two items already in the contents area. Leave them in there. They are needed for your gift box to work properly.

Leave in the script - "gift box.lsl v1b"

And, Leave in the object - "gift box top".

Now... DRAG your gift items from your inventory into the contents section where they will appear along with the two other items already mentioned.

Do this by holding down the "Ctrl" key on your keyboard while clicking on your gift item in your inventory... and dragging it into your gift box contents area.

You will then see your gift item in the contents area.

_____

4. Now that the gift box is properly addressed and loaded. you can leave it for your friend to touch. Causing the top to pop off and the gift to be delivered to whoever touches it.

Or... You can take it back into your inventory and give it to them.

Your friend can then REZZ the gift box and then when they touch the gift box... The top will pop off and the contents of the box will be moved into their inventory as a folder. The folder name will be the same name as what you named the gift box. For example, "Gift for So & So" .

_____

Note: The top, after it has popped off, will eventually, after a few minutes, disappear.

Note: The Gift Box may say "No Modify" on it. Don't Worry, Yes you can modify it. The reason it says "no modify" is because the script for popping the lid is "no Modify".

I hope you enjoy these gift boxes.

Kind Regards,

Belladonna Mocha
