

First, resize the box to fit your needs. (Do remember to make sure you have checked the "Stretch Textures" option.)

Right click / touch to get a choice of three different textures - each containing a range of letters. After selecting the texture that contains the monogram you wish to display, set the texture offsets as described below:

For A, J & S

Horizontal: -0.333; Vertical: 0.333

For B, K & T

Horizontal: 0; Vertical: 0.333

For C, L & U

Horizontal: 0.333; Vertical: 0.333

For D, M & V

Horizontal: -0.333; Vertical: 0

For E, N & W

Horizontal: 0; Vertical: 0

For F, O & X

Horizontal: 0.333; Vertical: 0

For G, P & Y

Horizontal: -0.333; Vertical: -0.333

For H, Q & Z

Horizontal: 0; Vertical: -0.333
