HUMAN

~2013-2014 Collection~

How to use it?

**1) Eventually, detach your actual worn head.**

- Open your inventory.
- Find the item you want to detach.
- Mouse right click (on the item).
- Click on "Detach From Yourself" (as in the picture, right).

2) Wear your new head.

- Open your inventory.
- Find the item you want to wear.
- Mouse right click (on the item).
- Click on 'Add' (result will be like the picture, bottom right).

3) Change the default skin.

Any head comes with a default (generic) skin pre-applied, so in order to make your head conform with the whole body (lower & upper) assure yourself to re-apply your skin(s) using the proper 'HUD - Skin Installer' or alternatively through UUID from your main HUD in the case of customized textures.
